Pre-licensing Course

After all chapters are complete, take the practice pre-certification exam

Then, the course's actual Certification Exam will become visible under "My Courses"

Prep Review Course

This review course will go over every key concept & question to remember for the state licensing exam

State Exam Simulator

These full-length practice tests will simulate the state licensing exam to help get into test day mode

Cliff Notes

Downloadable/printable version of the review course

Located above Chapter 1 in the "Resource" tab
